On-going Support

Scalable Expertise

Preferred Rates

Custom Pricing

Consistent Support. Greater Value.

Secure up to 30 hours a month of remote support during a multi-month contract at a discounted hourly rate. Extend your commitment beyond 6 months or 1 year to access additional options including safety compliance audits and safety training.

Compliance Maintenance

Continuous Compliance

Document Control

Annual Review

Annual Subscription

Stay Current. Stay Prepared. Stay Compliant

Maintain your AM safety program with annual support that included regulatory updates to existing documentation and a yearly internal safety audit. Proactively keep safety procedures aligned with evolving requirements and identify opportunities for improvement.

Facility Stand-Up Support

End-to-End Implementation

Process Readiness

Customized Project Rate

From Setup to Safe Operations

Launch new Metal AM processes with comprehensive support tailored to your facility. This full-service engagement provides dedicated expertise at an agreed hourly rate for a specified duration, with support for implementation planning, safety integration, and process readiness. On-site travel and related expenses are billed separately.
